

Week 1: PMP work sheet 2

Decide your problem

Think of as many ideas as you can that might solve the problem. Include all possible solutions at this stage.

Think of the pros and cons (advantages and disadvantages) of each possible solution, writing them down.

Choose the solution that looks most likely to work. This is based on the pros and cons.

Plan how you will carry out the solution with goal setting . Consider what may go wrong and how to stop this.

STEP 6

IMPLEMENT THE PLAN

Carry out your plans

STEP 7

ASSESS AND REFLECT

Review your plans. Was it successful? If not what could have been done better.

If it was a successful move to your next problem. If it has not been achieved, try reviewing things from step 3 or 4.
